

WHAT DO YOU THINK ABOUT

# COMMUNITY AND JOBS?

February 2005 Public Meetings

## WINCHBURGH DEVELOPMENT INITIATIVE

What recreational and sporting facilities could be incorporated with the schools?

Potential offices or business park?

Potential industry?

What local facilities should be part of the town centre?

How could the gap sites around the post office be better used?

What would you do with redundant buildings?

How can Glendevon Park be integrated with new housing?

There is potential for lively streets and living over shops in the new town centre.

How can existing facilities be improved?

- What uses would you like to see in Winchburgh's new town centre?
- What community facilities exist?
- What kind of industry, local services and offices should be there?

- What else would you like to see and where:
  - library
  - schools
  - shops
  - healthcare
  - banks
  - supermarket
  - leisure and sporting facilities
